

PASSAGE 30

Tra ID Đề [5928] - Tra ID Video [5929]

We have become so used to shopping in big supermarkets and chain stores, identical in every town, that we have forgotten about one important way to shop - markets. [I] However, it is a wonderful place to visit because wherever you go, they are different and reveal the local culture - and agriculture. From farmers' markets selling fresh produce to craft and antique markets, they are the best place to find something unique at a great price.

Food is at its cheapest and freshest in markets. Farmers often sell **direct** to the consumer, without all the packaging, shipping and advertising that increases costs in shops and supermarkets. [II] You can often find unusual products and those that are not mass-produced. Wherever you are, food will be locally produced and reasonably priced.

In Europe, Christmas is the time when seasonal markets are held to sell decorations and gifts for the festive season. One of the most famous of these is held in Wenceslas Square in Prague in the Czech Republic. [III] The market is made up of colourfully decorated wooden huts selling traditional handicrafts, embroidered lace, wooden toys, scented candles, Christmas tree ornaments, and puppets and dolls beautifully dressed in traditional costumes. This looks very pretty, especially in the snow.

[IV] So, wherever you are in the world and whatever you are looking for, there is a market for you. You can get all kinds of unusual things at great prices.
