Dear Diary,

I didn't write yesterday because work was busy and I was tired!

5 am: I wasn't sleeping – I was getting up! I arrived at the hospital at 6:30.

7 am: I read the doctors' notes for the patients that I was seeing that day.

8 am: I did the morning rounds. New patients were arriving all morning.

1 pm: I checked on my patients. I spent a long time talking to their families so there was no time for lunch!

6 pm to 7 pm: I made notes for Jason, the nurse who was working the night shift.

8 pm: I got home and went to bed! 

Today, I need to prepare for exams.  My job is stressful, but I love it because I work with kind and caring people.
