Alice

Hi, I'm Alice and I live in New York, I go to a high school. I like my school. It's modern and big. It is near my house, so I walk to school.

The school starts at eight o'clock and it finishes at half past three. My favorite subject is Spanish. We have Spanish every Monday, I am good at it. I don't like history.

I do not have much free time. On Thursday I go swimming and every Wednesday and Friday I play tennis. I also play the piano. I have a piano lesson on Saturday morning.

I don't have any siblings but I have a cousin his name is Mathew; he lives in New York but he doesn't go to my school. I meet him on Sundays in the park.
