

RESUME UNIT 4 (1)

Read this text and then complete the following exercises:

As there are so many different types of **living beings**, we need to **classify** them. Taxonomy is the **science** in charge of classifying all living beings.

1. Translate these words from English to Spanish. Type the words in CAPITAL LETTERS. Use an online dictionary if you need it:

ENGLISH	SPANISH
LIVING BEINGS	
TO CLASSIFY	
SCIENCE	

2. Complete the following text using the words in Spanish you learnt in the exercise above.

Como hay tantos tipos distintos de _____, los necesitamos _____. La taxonomía es la _____ que se encarga de clasificar todos los seres vivos.

Read this text and then complete the following exercises:

As there are so many different languages, we need an international way to understand what species we are talking about, no matter our language. That's why Linné (a well-known scientist) created a system to make it possible. Linné said that all species' names had to include 2 words which must be typed in **ITALICS**. He also said that only the first letter of the first word must be in **CAPITAL LETTERS**.

Look at the example:

CORRECT → *Drosophila melanogaster*

INCORRECT → *drosophila melanogaster* / *Drosophila melanogaster* / *Drosophila Melanogaster*

3. After reading the information above, say if the following species' names are typed **CORRECT** or **INCORRECT**. You have an example:

SPECIES' NAMES	CORRECT / INCORRECT
<i>Dicaeum Kuenhi</i>	INCORRECT
homo sapiens	
<i>Homo neanderthalensis</i>	
carcharodon carcharias	
<i>Lilium Candidum</i>	

RESUME UNIT 4 (2)

Whittaker was an important scientist who created a really useful system to classify all living beings, it is called "FIVE KINGDOM CLASSIFICATION". In Spanish it is called "SISTEMA DE CLASSIFICACIÓN DE LOS 5 REINOS"

1. Fill the gaps with the proper word in Spanish:

Name of the 5 kingdoms		
Catalan	Spanish	
Moneres	Moneras	
Protists	Protistas	
Fongs	Hongos	
Plantes	_____	
Animals	_____	

2. Look at the following pictures and write below (in CAPITAL LETTERS) the word of the correct kingdom in SPANISH. You have an example with "PROTISTAS"

				PROTISTAS
--	--	--	--	-----------

3. Write next to each Kingdom the correct example of the ones you have on the right.

Moneras: _____

Protistas: ALGAS

Hongos: _____

Plantas: _____

Animales: _____

BACTERIA

FLOR

TIBURÓN

SETA

Check de meaning of these words if you need it.
