

## Everybody, Somebody, Anybody, and Nobody.

### 1. Just read my story.

This is a little story about four people named **Everybody**, **Somebody**, **Anybody**, and **Nobody**.

There was an important job to be done and **Everybody** was sure that **Somebody** would do it. **Anybody** could have done it, but **Nobody** did it.

**Somebody** got angry about that because it was **Everybody's** job.

**Everybody** thought that **Anybody** could do it, but **Nobody** realized that **Everybody** wouldn't do it.

It ended up that **Everybody** blamed **Somebody** when **Nobody** did what **Anybody** could have done.

So I hope everybody will do these tasks!
