

Усне ділення двоцифрового, трицифрового числа на одноцифрове

$39 : 3 = \square \square$

$42 : 3 = \square \square$

$55 : 5 = \square \square$

$48 : 4 = \square \square$

$65 : 5 = \square \square$

$36 : 3 = \square \square$

$24 : 2 = \square \square$

$54 : 3 = \square \square$

$42 : 2 = \square \square$

$28 : 2 = \square \square$

$81 : 3 = \square \square$

$26 : 2 = \square \square$

$66 : 6 = \square \square$

$72 : 6 = \square \square$

$330 : 3 = \square \square \square$

$240 : 2 = \square \square \square$

$480 : 3 = \square \square \square$

$550 : 5 = \square \square \square$

$51 : 3 = \square \square$

$64 : 4 = \square \square$

$88 : 2 = \square \square$

$45 : 3 = \square \square$

$78 : 3 = \square \square$

$66 : 2 = \square \square$

$84 : 7 = \square \square$

$39 : 3 = \square \square$

$99 : 9 = \square \square$

$72 : 4 = \square \square$

$84 : 4 = \square \square$

$75 : 5 = \square \square$

$90 : 6 = \square \square$

$64 : 2 = \square \square$

$390 : 3 = \square \square \square$

$360 : 2 = \square \square \square$

$220 : 2 = \square \square \square$

$260 : 2 = \square \square \square$

$980 : 7 = \square \square \square$

$162 : 9 = \square \square$

$112 : 7 = \square \square$

$112 : 8 = \square \square$

$133 : 7 = \square \square$

$126 : 7 = \square \square$

$136 : 8 = \square \square$

$119 : 7 = \square \square$

$135 : 9 = \square \square$

$126 : 9 = \square \square$

$171 : 9 = \square \square$

$152 : 8 = \square \square$

$144 : 8 = \square \square$

$630 : 3 = \square \square \square$

$720 : 6 = \square \square \square$

$560 : 4 = \square \square \square$

$390 : 3 = \square \square \square$

$720 : 4 = \square \square \square$
