One of them is laughing and pointing at his phone, and I'm pretty 2. _____ that he's showing his friend a funny video or meme. It 3. _____ as if they're really enjoying the moment — both are smiling, and one is even leaning on the wall, shaking his head. It's 4. _____ to say, but I think they've been friends for a long time. It's 5. _____ that the one holding the phone is the funnier of the two. Not 6. _____ that, his friend keeps wiping tears from his eyes from laughing so hard. It 7. _____ be that they're watching something from TikTok or a school-related joke. The background shows a girl walking past them without looking at them. Judging by her 8. _____, I'd 9. _____ that she feels left out or annoyed. I'm 10. _____ that the boys didn't even notice her walking by.
