Welcome to the Football Club!

We’re excited to have you on the team! There are some simple rules you need to follow. You should arrive on time and bring your football boots. You should listen to your coach and try your best. You should not push or shout at other players. You should not play with your phone during training. When the game ends, you should shake hands and help clean up the field. If you follow these rules, we’ll all have fun and play better together!
