Pets in the UK

Some people in the UK want an unusual pet. This is why they choose exotic animals. Here are three unusual pets that you can have in the UK.

1 **Tarantulas**

Spiders are scary but some people think tarantulas are pretty. They are quiet animals and they don't need a lot of space or food, so they aren't hard work.

2 **Pygmy hedgehogs**

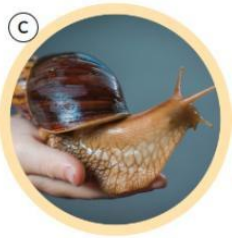

People like pygmy hedgehogs because they are small and cute. They eat cat food and they eat a lot! This is why they need a lot of space to run and play.

3 **Axolotls**

They've got a funny name and they look funny too. They live in the water. They can be brown, black, yellow, white or other colours. And here's an amazing fact: if they lose a part of their body, they can make a new one!
