PART 5: 1 mark

Imagine you are on a school trip. Write a postcard to your parents or a friend and say:

- Where you are
- How long it took you to get there
- What you are going to do tomorrow
- Where you are staying
- Who you are with
- What presents you are going to bring them back.

Write 25 words or more

The template consists of a large rectangular frame. The left half of the frame contains ten horizontal lines, each ending with a short vertical line on the right, intended for the main body of the postcard. The right half of the frame contains four horizontal lines, with the top one being significantly larger and having a double border, intended for an address and a postage stamp.
