Hi! My name is Zoe and I am 15 years old. Look at the picture! These are my best friends: Mel and Tiffany. We go to secondary school together.

On Monday we have got PE . I really like PE! I can play hockey very well but I can't play football. They don't like sports. They love music! We have got music on Thursday. They can play musical instruments but they can't dance.

On Tuesdays we have got Science. On Wednesday we have got art and on Friday we have got English.

Every day after school we have tea and go to the park. Then we do our homework. We don't go swimming.

We love spending time together!
