

## Data analysis

Marks	Strand	Descriptor
1-2	<b>Recording &amp; processing</b>	
	<b>Consideration of uncertainties</b>	
	<b>Processing of data</b>	
3-4	<b>Recording &amp; processing</b>	
	<b>Consideration of uncertainties</b>	
	<b>Processing of data</b>	
5-6	<b>Recording &amp; processing</b>	
	<b>Consideration of uncertainties</b>	
	<b>Processing of data</b>	

The recording and processing of data shows limited evidence of the consideration of uncertainties.	The recording and processing of data shows evidence of an appropriate consideration of uncertainties.	The communication of the recording and processing of the data is both clear and precise.
The processing of data relevant to addressing the research question is carried out appropriately and accurately.	The communication of the recording and processing of the data is either clear or precise.	The recording and processing of data shows evidence of a consideration of uncertainties but with some significant omissions or inaccuracies
The processing of data relevant to addressing the research question is carried out but with some significant omissions, inaccuracies or inconsistencies.	Some processing of data relevant to addressing the research question is carried out but with major omissions, inaccuracies or inconsistencies.	The recording and processing of the data is communicated but is neither clear nor precise.
