Part 3

Questions 14 – 18

For each question, choose the correct answer.

A family of dancers

The women in the Watson family are all crazy about ballet. These days, Alice Watson gives ballet lessons, but for many years, she was a dancer with the National Ballet Company. Her mother, Hannah, also had a full-time job there, making costumes for the dancers.

Alice's daughter Demi started learning ballet as soon as she could walk. 'I never taught her,' says Alice, 'because she never let me.' Now aged sixteen, Demi is a member of the ballet company where her mother was the star dancer for many years.

Alice's husband, Jack, is an electrician. They met while he was working at a theatre where she was dancing and got married soon after. 'When Demi started dancing, the house was too small for her and Alice to practise in so I made the garage into a dance studio. Now the living room is nice and quiet when I'm watching television!' he says.

Last month, Demi was invited to dance in the ballet *Swan Lake*. Of course, Alice and Hannah were in the audience and even Jack was there, which made it very special for Demi. Jack says, 'I'm not that interested in ballet myself but it's fantastic seeing Demi taking her first steps with Alice's old company!' Demi was wearing a dress that Hannah made for Alice many years before.

'It was very exciting for all of us,' says Hannah. 'Demi's way of dancing is very like Alice's. I know I'm her grandmother, but I think she has a great future!'

PART 3**QUESTIONS 14–18**

For each question, choose the correct answer.

Jack Calder

Violin player Jack Calder plays in the Australian band, Ocean Blue.

Jack Calder started playing the violin when he was ten. 'My music teacher played and one day he asked if anyone wanted to learn. Some girls put up their hands and so did I. I didn't have a violin, but my uncle said I could use his. The lessons were really hard at first, but playing the violin soon became important to me.'

After leaving school, Jack moved to Melbourne. For a time, he preferred listening to music to playing it. The rock music he listened to sounded very different from violin music, so he bought an electric violin, and started putting the things he liked about rock music into the music he played on his violin.

A year later, Jack met a small group of Melbourne musicians. 'We all thought about music in the same way and started Ocean Blue together. A year later, we were playing lots of concerts, and our music was selling well. But we didn't want this to make us different people. We didn't want to stop being friends.'

Jack meets many people who think playing the violin is an unusual career, but he doesn't agree with them. 'I think it's the best thing in the world. I guess I'm lucky that way. The internet has changed music, but when I walk into a violin shop it's like entering another world – one where time has stopped. Someone has looked after these beautiful old instruments that are two or three hundred years old. I think that's amazing.'
