

World English 1: Unit 7

Instructions: Read the messages. Then decide whether the underlined part of each statement is T (true) or F (false). Correct the false information.

Hey Sam!

I sent you a text this morning, but I guess you didn't look at it. Sleeping late again?

Anyway, my parents gave me some money as an early birthday present! I'm going to go shopping this weekend. Do you want to come? I'm thinking about buying a new smartphone. I saw an ad last night, and there's a big sale at Super Communications with a 15 percent discount on all new smartphones, computers, and color printers. I hope you can come. Give me a call later today,

—Aly

Hi Aly,

I'm sorry I missed your message. My phone was off. I was studying at the library for an exam in Chinese class next Monday.

This weekend sounds great! I'm free all day on Saturday, and you know that I love shopping! I think getting a new phone is a great idea! The smartphone you have now looks old, and it doesn't have a good camera. We should invite Dinah too. Do you have her phone number? Call me later tonight and let's make plans!

—Sam
