My name's Gregory and I'm 24. When I was 20 years old, I wanted to travel around the world for a year, but I didn't have any money. So, I started a job that I still do today.

I'm not a vet, zoo keeper or a pet shop assistant. My profession is original and different. I walk other people's dogs.

At school, I remember all my friends had a pet except me! Because I love cats and dogs, now I'm really happy to be a 'dog walker'.
