If no one is at
reception, please wait
near entrance.

Read the following passage and mark the letter A, B, C, or D on your answer sheet to indicate the correct answer to each of the following questions from 31 to 36.

Information Technology (IT) is the application of computers and internet to store, retrieve, transmit, and manipulate information, often in the context of a business or other organizations. IT is considered a subset of information and communications technology (ICT) and has evolved according to the needs.

It is worthwhile noting that the term IT is commonly used as a synonym for computers and computer networks, but it also includes other information distribution technologies such as television and telephones. Several industries are associated with information technology, including computer hardware, software, electronics, semiconductors, internet, telecom equipment, engineering, healthcare, e-commerce, and computer services.

Thanks to the continuous development of computers, the original computing systems became minicomputers, and **later** personal computers took the lead. Nowadays, mobile phones are taking over the personal computer and computing is **evolving** faster to become bodiless more like a cloud, becoming accessible more easily whenever needed. Information technology has transformed people and companies and has allowed digital technology to influence society and economy alike. It has, in this sense, shaped societies and adapted itself to people's needs.

31. What is the passage mainly about?

- A. Information technology and its development

- B. The application of computers in our daily life
- C. The benefits of computer networks.
- D. The importance of IT applications

32. All the following are mentioned in the passage as examples of IT except _____.

- A. computer networks
- B. TVs
- C. telephones
- D. loudspeakers

33. According to paragraph 3, mobile phones are _____.

- A. promoting personal computers
- B. degrading personal computers
- C. making personal computers more dominated
- D. helping personal computers more beneficial

34. Which of the following is NOT true according to the passage?

- A. IT has allowed digital technology to influence society.
- B. IT has adapted itself to people's needs.
- C. IT has affected people's spiritual life.
- D. IT is used as a synonym for computers and computer networks.

35. The word “evolving” in paragraph 6 is CLOSEST in meaning to _____.

- A. developing
- B. moving
- C. strengthening
- D. widening

36. The word “later” in paragraph 2 is OPPOSITE in meaning to _____.

- A. earlier
- B. better
- C. quicker
- D. faster

Four phrases/sentences have been removed from the text below. For each question, mark the letter A, B, C, or D on your answer sheet to indicate the correct option that best fits each of the numbered blanks from 37 to 40.
