At the chemist

Chemist: Hello, can I help?

Customer: Yes, my ..... sent me here. I, erm, need something for a ..... throat ... and I can't stop coughing. It really .....

Chemist: Do you have a ..... too?

Customer: Not really, no.

Chemist: Well, we have this syrup. And these lozenges.

Customer: Which is .....?

Chemist: They're both good. The syrup is more .....

Customer: Oh, well ... I'll take the lozenges, then. How ..... do I take?

Chemist: Just one.

Customer: Sorry, I'm sorry. Er, how ..... should I take it?

Chemist: Just one every four to six hours. Take it before ..... Are you ..... to any medicine?

Customer: No.

Chemist: Then you'll be ..... with this.

Customer: Can I get some antibiotics too?

Chemist: I'm afraid you need a ..... for that.

Customer: Ah.

Chemist: You know, you should really see a doctor if that cough .....

Customer: Thanks. I know.

Chemist: Anything else?

Customer: No, thanks.

Chemist: That'll be £..... then, please.
