

Read the text. Choose the right words and write them on the lines

Camels

called

Camels have unusual shapes on their backs. These are "humps" (1) are two kinds of camel. The first kind has one hump on (2) back and the other kind has two humps. Most camels in the world live (3) the weather is hot and dry - in places like deserts, for example. The people (4) also live in these places might (5) camels to carry all their heavy things on long journeys. These people have (6) camels for thousands of years, too.

Camels can live without food or water for six months and most camels live (7) forty and fifty years! About fourteen million camels live in the world at the moment.

It is easier for camels to live in deserts (8) for other animals because their bodies are high above the hot ground and their large feet help them (9) quickly across sand.

A camel can run across really fast (10) camels can travel 45 kilometers in one hour.
