

Name: _____

Reading Comprehension: Clara's Trip

Clara's Trip

Last summer, Clara and her three friends planned a trip to the mountains. They left the city early on a Saturday morning and drove for five hours. When they arrived, they found a small wooden cabin surrounded by trees. The place was quiet and peaceful. During the week, they explored different hiking trails, cooked meals together, and played board games at night. One morning, while walking near the river, they saw a bear in the distance. It looked at them for a moment and then walked away. Clara took many pictures and later created a photo album. On the last night, they made a campfire and shared stories. Everyone agreed it was an unforgettable trip.

1- Read the text. Are the sentence true (T) or false (F)?

- | | | |
