

# My School Timetable

## Class schedule

Fill in your school timetable. Then write the order of your subjects using ordinal numbers (first, second, third, etc.). Example My first subject on Monday is English.

| Day       | 1st subject | 2nd subject | 3rd subject |
|-----------|-------------|-------------|-------------|
| Monday    | English     |             |             |
| Tuesday   |             |             |             |
| Wednesday |             |             |             |
| Thursday  |             |             |             |
| Friday    |             |             |             |
|           |             |             |             |
