

I don't think we've met

Listen to three conversations and decide on the relationship between the speakers. You can choose more than one relationship for each conversation

	1	2	3
they haven't met before			
they don't work in the same field			
they work for different companies			
they live in the same area			
they are connected by mutual acquaintance			

In each conversation, one of the two speakers tries to make a good impression by using the expressions in the language box. Listen again. Choose which person uses expressions from the box.

MAKING AN IMPRESSION

1 Starting a conversation

I don't think we've met, I'm ...
Do you mind if I join you?
I believe you **live near** ... ?

2 Open-ended questions

How are you finding the **conference**?
What was **that** like?
So how do you like **living** here?
What kind of things does that involve?

3 Reflecting comments

So things are going well, then?
Really?
Digital Strategies?
That sounds interesting.
