I usually go to work by bus. It takes me about 45 minutes. I leave home at 7:15. I walk two blocks to the bus stop and I <sup>1</sup>*get in / get on* the number 72 bus. The 72 takes me to the park. There, I <sup>2</sup>*pick up / change* buses and take the 35. Sometimes I <sup>3</sup>*miss / catch* the 35, and then I have to wait and <sup>4</sup>*take / miss* the 44. The 35 <sup>5</sup>*gets into / drops* me off right in front of my office. The 44 stops several long blocks away. If it's a nice day, it's OK. I can walk to work from there. If I'm late, I <sup>6</sup>*get onto / get into* a taxi. I get to the office at 8 o'clock.
