**Task 2: Look and choose True or False:**

Hello! My name is Tony. I'm nine years old, and I live with my family in a small town. I love eating! My favorite food is chicken noodles. I eat them with vegetables like carrots and peas. I eat chicken noodles twice a week.

My sister, Lily, is eleven years old. She loves sushi. She eats sushi on weekends with our parents.

My mom likes vegetable soup, especially when it's cold. She also drinks orange juice every morning.

My dad loves grilled fish and rice. He cooks dinner for us on Fridays. We always eat together at the big table in the kitchen.

For dessert, we enjoy different things. I like ice cream, Lily likes cookies, and mom loves fruit. Dad? He doesn't like dessert at all!

I think food is fun and delicious. What about you?
