

## FCE Summer Course – Day 4 - Homework

### Reading Part 1

You will read a text about a new cycling scheme in Brighton. There are eight gaps.

For each gap, choose the correct letter A - D.

#### The Cycling Scheme

The County Council has decided to give a higher (1)  to cycling and agreed a new strategy to guide the (2)  ahead in East Sussex. Cycling is a low-cost, healthy and environmentally-friendly form of transport. It is (3)  to make it safer, more convenient and attractive for cyclists journeys. Cycling is being encouraged both for utility purposes such as journeys to work, school and the shops and for (4)  trips for exercise and enjoyment, including longer trips by tourists. Recent cycle schemes carried out in conjunction with District Councils and other bodies (5)  the Brighton and Hove seafront route and the Cross Levels Way cycle route, in Eastbourne. (6)  people will be consulted as the strategy is implemented. The County Council will work with local cycling and other groups, and a countywide Cycling Forum will be formed to (7)  that all bodies concerned with cycling are in regular contact. The cyclists are given a leaflet, and a (8)  of the full strategy document can be seen in County Council Public Libraries.
