

# Place Value

Write the following numbers in expanded notation and write the number in words.

| Number                                                                              | Ten thousands | Thousands | Hundreds | Tens | Ones |
|-------------------------------------------------------------------------------------|---------------|-----------|----------|------|------|
| 10, 873                                                                             |               |           |          |      |      |
|  |               |           |          |      |      |
| 67, 793                                                                             |               |           |          |      |      |
|  |               |           |          |      |      |
| 15,738                                                                              |               |           |          |      |      |
|  |               |           |          |      |      |
| 12,390                                                                              |               |           |          |      |      |
|  |               |           |          |      |      |
