

# What do you do at the weekend?

## Listening & Writing

**Part A:** Listen to three people talking about their weekend routines and complete the chart below.

	activities	frequency	other information
Tanya			
Pete			
Shirley			

**Part B:** Describe your weekend routine. Be sure to tell when and how often you do the activities. Use the description below as a model.

### *My Weekend*

*On Saturdays, I usually wake up at 7:00 AM. I always drink coffee and eat bread. Then, I often go to the market to buy fresh fruits and vegetables. I never work on Saturdays! In the afternoon, I sometimes visit my family or friends. In the evening, I usually watch TV or read a book.*

*On Sundays, I always sleep a little more, until 8:00 AM. I often go to church in the morning. After church, I usually have a big lunch with my family. We sometimes have barbecue! In the afternoon, I rarely go out. I usually relax at home. In the evening, I always prepare for the new week. I never stay up late on Sunday!*
