

LOGIC CHAIN BUILDER

Objective: To identify and organize ideas into a clear **logical chain of reasoning**, showing how one idea leads to another.

Instructions: You will read three related sentences. They are out of order. Rearrange them to form a logical chain of reasoning (cause → effect → result).

Tip: Look for cause-effect relationships and linking words like *so*, *because*, *as a result*, *therefore*.

Sentences (mixed):

She started watching movies with subtitles.

Eventually, her listening skills got better.

She wanted to improve her English.

Correct order (logic chain):

- 1.
- 2.
- 3.

Sentences (mixed):

So, many schools began offering online classes.

The pandemic made in-person learning difficult.

As a result, students had to adapt to new technologies.

Correct order (logic chain):

- 1.
- 2.
- 3.
