

Hi, I'm Tom and this is my house!

There is a nice playground next to my house. I often play here with my friends. The playground is in the park. The park is big and beautiful. There is a nice cafe in front of my house and my school is on the right of the cafe. The park is behind my school. On the left of the cafe there is a supermarket, so the cafe is between the school and the supermarket. There is a cinema near my school and I often go there with my father.
