Have you ever lost or found something? Tell us your stories in the comments below.

Lauren, TX

I got married in June, 2014. While we were on our wedding honeymoon, something terrible happened. I was walking on a beach in Thailand when I lost my wedding ring. I was so upset! I thought I'd never get the ring back. But then something amazing appeared. I was searching for an old friend online when suddenly I saw a "Lost and Found, Thailand" website. I clicked on the link, and the first thing I saw was my ring!

Max, NY

While I was living in Freeport, New York, I had a black cat named Zero. He was a great cat. One day, there was a big storm, and Zero got scared and ran away. He just disappeared! I thought I'd never get him back. Then five years later, when I was living in Buffalo, NY, I got a call from someone. They had found Zero. He was living on a farm all that time.

Kayla, CA

Once, I found a purse in a supermarket. There was exactly \$100 in it. I think someone dropped it while they were waiting to pay. I wanted to return it to the owner, but I didn't know where they lived. That evening, while I was listening to the local radio, I heard a news report about a lost purse. I called the number and found the owner. I was so happy, and so was she!
