Activity 2 **Listening** *Purpose of a dialog box*

Video
Aimphan Channel

https://qrcode.link/a/Zj4xvP

A Listen to four people talking about the purpose of a dialog box on a computer screen. Then answer the questions.

A dialog box gives computer users the information about what they are doing.

Dialog boxes are typically small, but the size depends on the amount of information. The dialog boxes can sometimes be large.
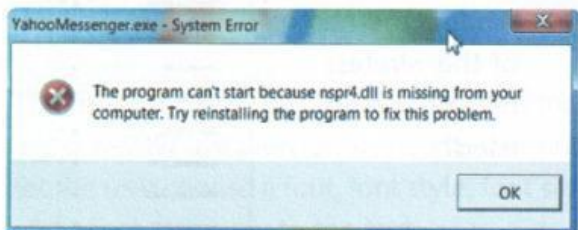

A dialog box that appears on a computer screen will ask the user to give information or choose what they want to do next.

Some dialog boxes are movable, but some are not.

B Look at this error message. Work in pairs to answer *yes* or *no* to the statements.

YahooMessenger.exe - System Error

The program can't start because nspr4.dll is missing from your computer. Try reinstalling the program to fix this problem.

OK
