Harry also enjoys traditional and modern fairy tales. At the moment, he's reading an _____ story with some interesting characters. A magician is the _____ character because he's probably the _____ magician in the world, but Harry likes him because he's _____.

The other main character is a princess. She is _____ than all the other characters, but she's _____ than the magician.

It's a very good story and it has many illustrations, too.

5.- Read the text and answer the questions.

Hi Charlie,

Would you like to come to our new show at school? It's a funny fairy tale with lots of familiar characters, but it isn't a traditional story because it's a modern fairy tale. The princess is very clever and she's strong and brave, too. The prince isn't clever – he's lazy and mean, and the princess doesn't like him. The hero of the story is a magician. He's more hard-working and more generous than the prince, and the princess likes him more than the prince! There aren't any dwarves or wolves in the story. There's a little girl called Willow. She's very naughty and selfish. There's also a little boy called Timothy. He's kinder than the girl. He's got a puppy called Spot. I hope you can come to the play. I think you'll like it!

PS I'm the magician in the play!
