

ACTIVITY FOR AUDITORY LEARNER

"Pay close attention to the main ideas and supporting details in the expository text."

Here are five questions based on the text:

1. What is the greenhouse effect, and how does it impact the Earth's temperature?
2. What human activities have contributed to the increase in greenhouse gases?
3. How much has the Earth's average temperature increased since the late 19th century?
4. What are some of the consequences of an intensified greenhouse effect?
5. What actions are suggested to mitigate the effects of global warming?
