Last Saturday afternoon, Minh went to the supermarket to buy some snacks. He parked his new bicycle outside and locked it. After 30 minutes of shopping, he came out and saw that his bike was gone. Minh was shocked and didn't know what to do.

A security guard nearby saw Minh looking worried and came to help. Minh explained everything. The guard told him that he had seen a man trying to break the lock a few minutes earlier. The man looked suspicious but ran away when someone shouted at him.

They checked the security cameras at the supermarket. The video clearly showed a man in a black jacket cutting the lock and taking the bike. Minh and the guard gave the video to the police.

Three days later, the police found the thief in another part of the city. He was trying to sell Minh's bike. The police arrested him, and Minh got his bike back. Minh was very happy and said, "Next time, I will be more careful!"
