Task 3: Complete the sentences with correct words from the reading:***Making fried rice!***

On Saturday morning, Mai and her brother cooked fried rice for breakfast. They needed to prepare eggs, vegetables, and sausages before cooking. They didn't need help from adults because the recipe was simple.

First, Mai cut some carrots and green beans into small pieces. Her brother sliced two sausages and broke two eggs into a bowl. They heated some oil in a big pan. Then they cooked the eggs and sausages first.

After that, they added the cold rice and stirred everything well. While Mai was stirring, her brother boiled the vegetables in hot water for a few seconds. Then, they added the vegetables to the rice. Finally, they put a little soy sauce and salt into the pan and mixed everything again. The smell was very nice.
