My Wonderful School

My school is **SMAN 1 Gambut**, a place where I spend most of my weekdays. It's located on Jalan A. Yani Km.14, not far from the city park, making it easily **accessible** for students. Our school has a **large** and **clean** environment, which makes learning comfortable.

The main building is **three stories high** and has many classrooms. All classrooms are **spacious** and **well-lit**, equipped with whiteboards and projectors. Next to the main building, there's a **big library** with a wide collection of books, from textbooks to fiction. Students often visit the library to study or read during breaks. We also have a **modern computer lab** and a **science laboratory** for practical lessons.

In the middle of the school, there is a **wide field** used for flag ceremonies, sports activities, and school events. Around the field, you can see many **green trees** that provide shade and fresh air. There's also a **canteen** that offers delicious and **healthy** food at affordable prices. Our school has **friendly** teachers and **diligent** students who create a positive learning atmosphere. I am very **proud** of my school because it provides an excellent environment for us to grow and learn.
