

Our Awesome Class Schedule!

My school day officially begins at 7:45 AM every weekday, Monday through Friday. My first subject is Math, which starts promptly at 8:00 AM and lasts for one hour. After a short break, we have Science from 9:15 AM to 10:15 AM. Lunch break is a favorite for everyone, it's from 12:00 PM to 12:45 PM in the school cafeteria, where students can enjoy various healthy meals. In the afternoon, I have English Language Arts (ELA) and Social Studies, followed by elective classes like Art or Music. The school day ends at 3:00 PM. On Wednesdays, I have an extended session for club activities after school, from 3:15 PM to 4:00 PM. This schedule helps me learn many things and also have fun with our friends.

Questions about the Schedule (5W1H):

- **Who** is this class schedule for?
- **What** time does the school day officially begin?
- **When** do students have their lunch break?
- **Where** do students eat their lunch?
- **Why** do students attend elective classes like Art or Music?
- **How** long does the Math class last?
