Read the following passage and mark the letter A, B, C, or D on your answer sheet to indicate the correct answer to each of the following questions from 31 to 36.

Cell phones are an **integral** part of our society and their main use is communication. They keep students in touch with the rest of the world by giving them the power to b interact with it. In the old days, if you forgot your lunch, you were at the mercy of the office calling home for you. Now, students have the ability to solve their own problems and handle certain emergencies on their own.

Cell phones also allow students to keep in touch with students at other schools orfriends that don't go to school. While not directly beneficial to education, better relationships can lead to higher self-esteem and reduce isolation, which is good for everybody. In the same way, camera phones allow students to capture the kinds of memories that help build a solid school culture,

LIVEWORKSHEETS

and, in some cases, can act as documentation of misbehavior in the same way that store cameras provide evidence and deter bad behavior.

Academically, the cell phone can record a video of a procedure of explanation that may need to be reviewed later. It could be used to record audio of a lecture, as well, > for later review. And just imagine if classes could be easily **taped** for students who are ' absent. What if they could even be streamed and seen from home instantly?
