Why Music Is Good for You

Music is We hear music on the radio, in , and in shops.
Music is fun, it also helps us in many ways.

First, music helps us relax. When we are tired or worried, soft music can make us feel calm. Some people listen music before they go to

Second, music makes us happy. If we feel, music with a fast beat or happy words can help us feel

Third, music helps us focus. Some people listen to music when they or do homework. It helps them better.

Finally, music brings people together. People different countries can enjoy the same music. We can sing or with friends and have fun.

In short, music is not just for fun. It is also for our feelings and our brain.
