Multiple Choice

Identify the choice that best completes the statement or answers the question.

Read the passage. Then choose the best answer for each question.

Husain and Raquel are at a large shop in Los Angeles. They would like to save money, but many of the things are very expensive. Husain likes a watch and would like to buy it, but it is \$300, so he doesn't. He would also like some new T-shirts. They're cheap at \$20, so he buys one. Raquel sees a backpack. Her sister would like it, but it's \$50, so she buys a hat for her instead. It's only \$10. They go to the restaurant to have lunch. The sandwiches are \$6 and the soup is \$4. Raquel has soup, and Husain has soup and a sandwich. Dessert is \$5, so they decide not to order it.

- _____ 11. What problem do Husain and Raquel face?
 - a. The shop doesn't have anything they like.
 - b. The shop is too expensive.
 - c. The shop is too large.
- _____ 12. What does Husain NOT buy?
 - a. soup and a sandwich
