Emiliano, Carla, Florencia, and Paola are friends who love school, video games, and playing football together. Yesterday was an exciting day! Emiliano arrived at school early and was very energetic. Carla found her seat and felt calm. Florencia was a bit nervous because of a big test, but Paola was positive and tried to make everyone laugh. After school, they played a new video game. Emiliano asked a lot of questions, and Carla answered quickly. Florencia lost her first game but didn't get angry. Instead, she picked up the controller and tried again. Later, they played football in the park. Emiliano shouted when he scored a goal, and Paola was surprised! They finished the day feeling tired, relaxed, and happy.
