Task 7: Read and choose the best option. Explain your answers.

Michael Tran

45 Park Road,

Jackson, TN 38301

Dear Mr. Tran,

According to our records, you bought a Vortex washing machine with the item code MX313. The appliance has been completely recalled by Loma Corporation due to a problem with one of the parts.

We are offering two options: Either the machine will be replaced with a new model or a complete refund will be given. A service crew can be dispatched to pick up the appliance. Additionally, a phone service has been established to assist our clients.

We should point out that using the washing machine is still secure. Due to a production line fault that triggered the issue, the equipment does not meet the required quality standards set by the government.

Loma Corporation sincerely regrets this mistake and wishes to find a workable solution.

Yours sincerely,

Lucas Black
