Why do we love emojis so much?

We really love 'big red heart' emojis! But why? They allow us to have fun as we express ourselves, make people laugh and be creative in how we use them. UK teenagers also told us they really appreciated the fact that emojis are quick and easy.

'... they're quick to use instead of words and show hidden feelings.'
Will, 15

'My favourite emoji is 'laughing face' because it saves you putting 'hahaha.'
Lucia, 15

'It's easier for lazy people.'
Lucy, 15

People also really identify with their favourite emojis. The emojis we choose can reflect our character. What does your recently used emoji say about you? Is it full of smileys? Or unhappy faces? In the UK, the most used emojis are 'face with tears of joy', 'face blowing a kiss' and 'love heart'. Maybe the British are more fun and romantic than people think! You can also tell a lot about a culture from their emojis. Until 2015 when the 'cheese wedge' arrived, British people were constantly complaining about the lack of cheese! Now, the addition of 'bacon' in 2016 means we're very close to a full English breakfast
