

Preparation:

1. Connect flags with proper regiments' names. Then, match the responsibilities with each regiment.

Scout Regiment

Military Police

Garrison Regiment

- responsible for defending the Walls, maintaining order within them, and ensuring the safety of the civilian population
- responsible for maintaining order and security within the Walls, protecting the royal family
- responsible for exploring outside the Walls, combating Titans, and expanding human territory

2. After the first invasion of Titans, the government came up with the backup operation called “Colossal Titan Response”. According to the plan, the soldiers are splitted into 4 squadrons under the command of the Garrison Regiment.

- Which of these responsibilities do you think every squadron is obliged to do:

evacuation of the citizens / supply running / guarding the government /

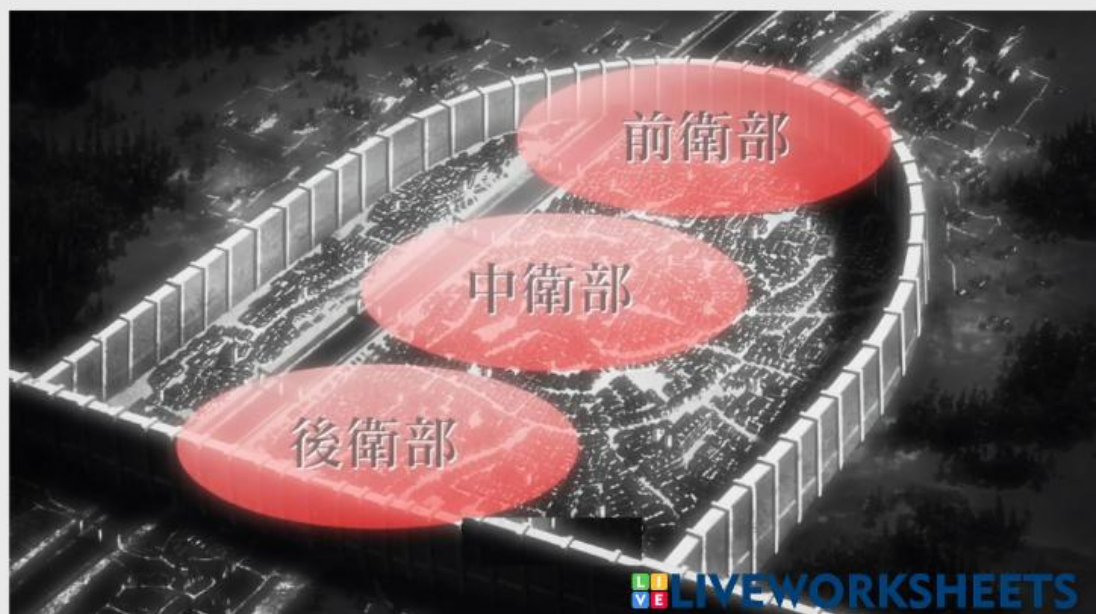

message relay / enemy combat / evacuation of the livestock

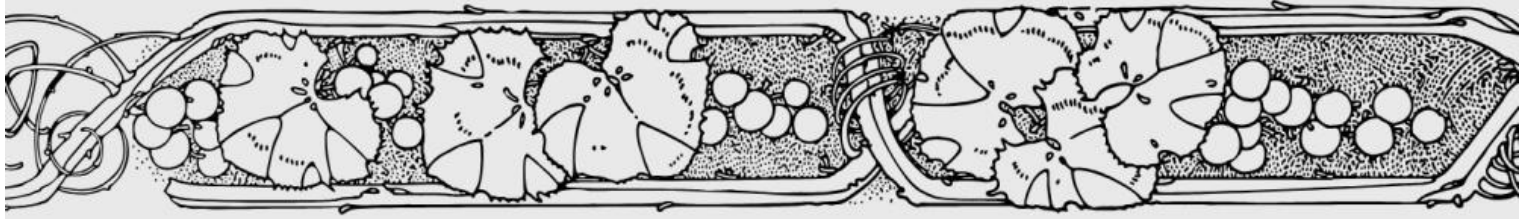

- Here is military vocabulary of the squadrons' placement. Connect them with proper area.

vanguard — авангард (передовой отряд)

rearguard — арьергард (отряд охраны тыла)

middle guard — средняя гвардия

3. Let's brainstorm! Think through the questions thoroughly and give your opinions.

1) What happened to the Colossal Titan?
