Beth's Blog

Hi everyone! Here I am in the beautiful city of Bath. I've got a new job for the summer – I'm a house sitter. The family are in New York on holiday and I'm _____ care of their house, garden, two dogs, one cat, and lots of fish!

It's a big house with a garden and I have a list of chores I have to do every day. Most of them are fun and I don't mind doing them, but I don't like _____ the plants. They have lots and lots of plants!!

It's very hot here this summer, so every morning I _____ the windows and doors and _____ the cat out. He usually sleeps under a tree all day. Then I _____ the dogs, Toby and Freddie, and _____ the fish some food – they have 8 beautiful fish. I _____ there is some clean water for the cat, and after breakfast I _____ the dogs for a long walk. They love going to the park and swimming in the lake there.

When I get home, I _____ up the mail and _____ it on the table in the kitchen. I spend most of the day reading or sunbathing in the garden. Sometimes I go sightseeing in Bath. It's brilliant!

In the evening I _____ the windows, _____ the dishes, and go to bed. I don't get paid for this job, but I love being a house sitter.
