WORKSHEET

Date: FFs4-Unit 7	Teacher's feedbacks

Task 1: Read and answer the questions.

In the future, life will be very different from today. People will live in smart houses. These houses will have robots to help with cleaning, cooking, and shopping. Robots will also take care of old people and children.

Cars will not use petrol. They will run on electricity and fly in the sky. Traveling will be faster and safer. People will go to other countries in just a few hours. Some people may even travel to the moon for holidays!

Students will not go to school every day. They will study at home using computers and virtual teachers. They will meet their friends online and play games in virtual worlds.

The environment will be cleaner because people will use more green energy, like wind and solar power. However, we must protect nature to have a better future.

1. What will houses in the future have?
