# READING EXERCISE

Part 1: Match the picture with the vocab

Aim   Celebrate   Direction   Colleague  
Chance   Success   Achieve   Challenge

## Part 2: Read the text and answer the question

1. What was the main problem the boys and their coach faced at the beginning of the story?

- a) They couldn't find enough food to eat.
- b) They were lost and the cave was getting flooded with rainwater.
- c) They were attacked by wild animals in the cave.
- d) They had to swim in cold water to get out.

2. What was the first thing the rescue workers did to help the boys?

- a) They gave them food and water.
- b) They brought a world-famous cave-rescue team from Britain.
- c) They pumped billions of liters of water out of the cave.
- d) They put miles of pipes into the cave to get oxygen to the boys.

3. According to the text, who helped with the rescue operation?

- a) Only the Thai military and British divers.
- b) People from all over the world, including the Thai military and British divers.
- c) Only the boys' parents and their friends.
- d) Only rescue workers and doctors from the United States.

4. Why did the rescue effort become even more of a challenge after the boys were found?

- a) Because they were found in a difficult location.
- b) Because the rainwater continued to fill the cave.
- c) Because the boys were too weak to walk out.
- d) Because the British divers did not want to help anymore.

5. What did the boys drink inside the cave?

- a) Water from the rescue workers.
- b) Water from the rainwater.
- c) Water that was falling down from the rocks.
- d) Sugary drinks that they brought with them.

6. How long were the boys and their coach lost in the cave before they were found?

---

7. What did the coach do to help the boys save energy while they were in the cave?

---

8. What happened to a former Royal Navy SEAL during the rescue operation?

---
