

Part 2. You have received this email. Read the email and the notes you have made. Write a reply using all the information in your notes, and express how you feel about the situation. You should write between 120 and 150 words. (Suggested time 15 mins)

Email: The city is seeking public opinion. What do you think about pedestrian sidewalks, and what suggestions do you have for improvements (1)? Do you think the lighting system is adequate (2)? Give your opinion about the sign system (3).

Notes:

- The sidewalk (pavement) is too narrow. Cars often park on the sidewalk.
- Some are okay. But some lights have been broken for months.
- Too many signs - causing confusion - sign text is too small.

Dear Sir/Madam,

(1) _____ your email collecting opinions from the public, and I would like to present my perspective about the issues you have mentioned.

(2) _____ the current pavements are too narrow for pedestrian use, especially cars often park on them, forcing people onto the road. Therefore, (3) _____ widen the sidewalk and enforce stricter parking regulations to improve the situation.

(4) _____, while some areas are well-lighted, others have lights that have been broken for months, making them unsafe for pedestrians in the evening. Regular maintenance and timely replacements are essential to ensure consistent safety across the city.

(5) _____ in the street, it confuses pedestrians when they participate in the traffic. Additionally, the text on the sign is too small, making it difficult to read quickly.

Therefore, (6) _____ changed and the text in sign must be larger and bigger.

(7) _____ my feedback.

Best regards,

Hang
