

# EXTRA TASK

Complete the sentences by underlining the correct word.

1. If you have **oily skin** / **dry skin**, a clay mask might help reduce the shine.
2. A **cleanser** / **toner** is used to wash your face and remove dirt.
3. If you want smoother skin, you can use an **exfoliator** / **hydrating mask** to remove dead skin cells.
4. People with **normal skin** / **combination skin** may have an oily T-zone and dry cheeks.
5. A **toner** / **face massage** at the salon is relaxing and can improve skin health.
6. After washing your face, a **moisturiser** / **steamer** can help keep your skin soft and hydrated.
7. A **toner** / **peeling treatment** is used to make the skin fresh and even by removing old skin layers.
8. People with **sensitive skin** / **mature skin** need to be careful with products as their skin can react easily.
9. If you have **mature skin** / **oily skin**, you might need a moisturiser that hydrates deeply.
10. Using a **steamer** / **exfoliator** can open your pores, helping products to work better on the skin.

# CREATIVE TASK

Imagine you are planning a relaxing day at a beauty salon. Create a schedule of treatments and activities for a client who wants to enjoy a full day of pampering. Use as many words from the lesson as possible, and include a short description for each treatment.
