I can't believe it! Last night I went out with some friends. We were in a restaurant when suddenly I saw the most gorgeous man ♥!

It felt like I knew him, but I wasn't sure at first. Then, suddenly, I realized – of course I knew him! He is the singer of my favorite band. I love their music and I love him, too! I was really excited and nervous ...

My friends told me to go and say hi, so I got up and walked to his table. When I got there, I was so nervous that I hit the table and spilt his drink. I was really embarrassed, but he was very nice and didn't mind. After that, I asked him for his autograph.

He was so amazing. Now I love him more than ever! 🥰
