B. Complete the dialog!

Dialogue 1: Antenatal Care

Midwife: Good morning. Can you tell me _____ ?

Patient: My last period was on May 5th.

Midwife: Thank you. Let me _____ your blood pressure.

Patient: Okay.

Midwife: It's normal. Please remember to take your _____ every day and eat nutritious food.

Dialogue 2: Intra Natal Care

Midwife: You're doing well. Just take a deep _____ .

Patient: It's very painful.

Midwife: I will check the baby's _____ now.

Midwife: You're _____ centimetres dilated. It's almost time to push.

Dialogue 3: Post Natal Care

Midwife: Hello. How are you _____ today?

Patient: I feel very tired and I have some _____ pain.

Midwife: That's normal. Are you able to _____ your baby regularly?

Patient: Yes, but it's still painful.

Midwife: Please continue, and get enough rest.

C. True/False

Read the short antenatal care report below and mark the statements True (T) or False (F).

Report:

Mrs. Lina, 28 years old, came to the clinic at 32 weeks of pregnancy. She complained of headaches and swelling in her feet. Her blood pressure was 150/100 mmHg. The midwife advised her to rest, reduce salt intake, and return for follow-up in one week.

1. Mrs. Lina is 30 years old. ☐
2. She has swelling in her feet. ☐
3. She was advised to increase salt intake. ☐

D. Matching Expressions to Functions

Match the expressions in Column A with their functions in Column B.

Column A

Column B

- | | |
|---|--------------------------|
